

RIVERSIDE COUNTY PLANNING DEPARTMENT

Cannabis RFP Response Package Ranking Results Information

Ranking Results

The cannabis Request for Proposal ("RFP") response package rankings are now complete and the results are shown in **Exhibit A: Staff Recommended Ranking List**. These results are being published on **Monday, June 17, 2019**. This document is a supplement to the ranking results, briefly describing the methodology behind the ranking process, the next steps, and also the appeal process.

Cannabis Regulatory Framework

On October 23, 2018, the **Board of Supervisors ("BOS")** took action to adopt a regulatory framework to allow cannabis businesses the right to proceed through the entitlement process in Riverside County, pursuant to the process described in Ordinance No. 348 (Land Use and Zoning) and the RFP criteria. For the first year, the BOS is allowing 19 retailers and 50 cultivators throughout the County. The County received 119 total RFP response packages, categorized as the following:

	District 1	District 2	District 3	District 4	District 5	Total
Retail	12	19	25	7	8	71
Cultivation	3	1	16	5	5	30
Microbusiness	3	3	2	9	1	18
Total:	18	23	43	21	14	119

Ranking Methodology

Retail: The County received **71** RFP response packages for retail, which exceeds the 19 authorized by the BOS for the first year. As a result, all retail response packages that were submitted and deemed to be complete, were ranked. Rankings were based upon the criteria specified within the RFP package and each RFP response package was independently ranked by six (6) uniquely qualified County staff. The averages for each of the ranker's scores were calculated and a final overall score was obtained. All retail scores are shown in **Exhibit A: Staff Recommended Ranking List**, ordered by the highest score to the lowest. The top 19 highest ranked retail response packages may proceed forward to the next step.

Note: There are two (2) groups of three (3) proposed retail facilities that are in conflict with each other, as they do not meet the minimum 1,000ft separation requirement from another retail facility. As a result, this could potentially reduce the overall number of retail locations from the anticipated 19, down to 15. Staff is recommending to add the next highest ranked four (4) retail locations, that **DO NOT** conflict with a retail facility that has ranked in the top 19, the opportunity to also process.

RIVERSIDE COUNTY PLANNING DEPARTMENT

Cultivation: The County received **30** RFP response packages for cultivation, which is less than the 50 authorized by the BOS for the first year. As a result, all cultivation response packages that were submitted and deemed to be complete, may proceed forward to the next step.

Microbusiness: The County received **18** RFP response packages for a microbusiness. Most of the proposals for a microbusiness included both retail and cultivation operations. For the purpose of this ranking process, each of the microbusiness response packages were categorized as cultivation, rather than retail. This means that none of the proposed microbusiness applications, took one of the 19 retail spaces, except for the following scenario:

Where a proposed microbusiness was located within 1,000ft of another proposed retail facility, the microbusiness RFP response package was ranked. Out of the 18 microbusiness RFP response packages, three (3) were found to be within 1,000ft of another proposed retail location. All retail RFP response packages and these three (3) microbusiness RFP response packages have been ranked and the final results, showing the top 19, are listed in **Exhibit A: Staff Recommended Ranking List**. All microbusiness response packages that were deemed to be complete and not in conflict with another retail location that obtained a top 19 ranking, may proceed forward to the next step.

Note: There are multiple retail RFP response packages (including microbusinesses that have a retail component) that are located within 1000ft of each other, which is not allowed pursuant to Ordinance No. 348 (Land Use and Zoning). Staff will be recommending to the BOS, that the top 23 will be allowed to process at risk. These known conflicts have been identified in the rankings list. In cases where those conflicts exist, the first business to receive the final BOS approval, will be deemed the successful applicant. Staff will recommend to the BOS that any other retailer (including microbusinesses that have a retail component), that conflicts with said successful applicant above, will not be approved.

All applicants are encouraged to carefully review the CUP submittal requirements, cost, and processing timeframes. Each application is different, having different levels of complexity and entitlement application combinations. Each CUP application will be independently processed and will follow their own timeframe for completion and approval consideration. There is no guarantee of CUP approval. **PROCEED AT YOUR OWN RISK.**

Next Steps

This entire RFP response package ranking information will be filed with the **Board of Supervisors ("BOS")** on **July 2, 2019**. Once the results are ratified by the BOS, the top proposals that have been identified as being able to move forward, will have **120-days** to submit a complete Conditional Use Permit ("CUP") package and Development Agreement ("DA"),

RIVERSIDE COUNTY PLANNING DEPARTMENT

pursuant to Ordinance No. 348 (Land Use and Zoning), which will initiate the entitlement review process for your cannabis business. The final date the County will accept a CUP for a Cannabis business is, **WEDNESDAY, OCTOBER 30, 2019 BY 5:00PM**. Please carefully review **ALL** submittal requirements, as some locations may require a General Plan Amendment, Change of Zone, and/or Variance, in addition to the required Conditional Use Permit and Development Agreement applications. Upon submittal, each application will be individually analyzed to determine the appropriate level of environmental review, pursuant to the California Environmental Quality Act ("CEQA").

Cannabis Business Operations in Riverside County

Receiving a top ranking to apply for a County CUP does not constitute an entitlement approval. All Cannabis Activities must; apply for and receive a CUP, comply with the California Environmental Quality Act, be consistent with the County's General Plan, enter into a Development Agreement with the County, obtain a State license as a Retailer and satisfy all other regulatory requirements prior to commencing operation. For up to date information regarding cannabis operations in Riverside County, please continue to visit the Planning Department website at: <http://planning.rctlma.org>

RFP Ranking Appeal Process

Pursuant to "REQUEST FOR PROPOSALS For COMMERCIAL CANNABIS RETAILERS – Addendum":

A Proposer who timely submitted a Proposal may file an appeal as follows:

Any Proposer who has timely submitted a Proposal may file an appeal to contest the decision to not issue an awarding notification to the appellant, by filing a written appeal which complies with this RFP Section. **The appeal must be filed within (5) business days after the ranking list has been made available to all proposers – FINAL DATE TO SUBMIT APPEAL is MONDAY, JUNE 24, 2019 BY NOON**. Postmarking by the due date will not substitute for actual timely receipt.

1. The appeal must be based on one or more of the following grounds:
 - a. The RFP or its exhibits were ambiguous or inconsistent in a materially significant way and such ambiguity or inconsistency gave the selected Proposer(s) an unfair competitive advantage; or
 - b. The selection process was unfair in that the County failed to follow the stated selection process which gave an unfair competitive advantage to the selected Proposer(s) and the selection process was not modified or waived pursuant to the RFP.

RIVERSIDE COUNTY PLANNING DEPARTMENT

2. The County takes a number of factors into account when making its selection and thus no single factor or criteria can outweigh all the others combined. As such, the following are generally not grounds for a valid appeal:
 - a. The appellant feels they have more experience than a selected Proposer(s); or
 - b. The appellant feels they are better qualified than a selected Proposer(s).
3. The appeal shall contain a full and complete written statement specifying in detail the grounds for the appeal and the facts supporting the appeal. The appeal shall make specific reference to the applicable sections of the RFP, and/or sections of the appellant's Proposal.
4. The appeal shall be emailed or hand delivered to the County TLMA at:

Riverside County TLMA 4080 Lemon Street, 14th Floor Riverside, CA 92501	or	Riverside County TLMA 77-588 El Duna Court, Ste. H Palm Desert, CA 92211
--	----	---

If emailed, to CannPlanning@rivco.org the following must be in capitalized letters on the subject line of the email:

APPEAL OF CANNABIS RFP AWARD: (NAME OR COMPANY NAME).

5. The TLMA Director will review the appeal and the response and promptly initiate an investigation. The appellant and all Proposers shall cooperate with any inquiries from the TLMA Director.
6. At the conclusion of the investigation, the TLMA Director shall issue a letter to the appellant regarding his findings. The role of the TLMA Director is to determine whether or not County staff or the review panel followed the selection process outlined in the RFP and whether the RFP materials were materially ambiguous or inconsistent so as to give the selected Proposer(s) an unfair economic advantage. If necessary, the TLMA Director can recommend steps to correct the error; recommend ceasing the RFP with the selected appellant (s) and start the RFP process with the next highest scoring Proposer; reject all Proposals and restart the RFP process, or such other remedy as may be in the County's best interest.
7. It is not the role of the TLMA Director to second-guess staff or the review panel as to the relative strengths or weaknesses of the submitted Proposals. The TLMA Director will not substitute his judgment for that of staff or the review panel so long as the RFP process has been substantially followed.
